

REACHSM on Tour 2011

Bringing education closer to home

REACH Air Medical Services is proud to present a new educational conference in partnership with:

Salem Hospital

A part of Salem Health

TOPICS ON BOARD

Pediatric Emergency Medicine Video-Visual Diagnosis

If a picture is worth a thousand words, how much is a video worth? Dr. Spiro shares interactive cases of children from the emergency department.

Speaker: Dr. David Spiro, Associate Professor/Chief Pediatric Emergency Medicine, OHSU

The Trauma Triad of Death: Hypothermia, Acidosis and Coagulopathies

This session will introduce how actions in the early resuscitative phase can impact the development of systemic inflammatory response syndrome (SIRS) and multi-organ dysfunction syndrome (MODS) in the long term. Strategies in reducing these negative consequences will also be presented.

Speaker: Jeff Solheim, MSN, RN-BC, CEN, CFRN, FAEN

Death Investigation – Weird Ways People Die

Dr. Karen Gunson will share unusual issues of a death investigation. It's inevitable – as healthcare providers, we will experience the troubles of death.

Speaker: Dr. Karen Gunson, Oregon State Medical Examiners Office

Care and Treatment of Burn Injuries

From the first minutes to several hours post-insult, this class is structured to provide care and treatment practices for a burn injury. Fluid resuscitation, patient stabilization, transfer practices, and wound care protocols are all covered in detail. Warning: graphic pictures will be shown.

Speaker: Kirsten Balding, RN, BSN; Oregon Burn Center

Care and Treatment of Cardiocerebral Resuscitation

What are your thoughts on chest compressions during a cardiac arrest? This discussion may change the way you perform CPR as it will include cardiocerebral resuscitation, which has been shown to markedly increase the number of survivors of cardiac arrests.

*Speaker: Dr. Andrew Geller, MD, FACEP, MPH
Director of Prehospital Care and Staff Physician
Norwood Hospital, Norwood, MA*
